Online Education

1. Does all programs/courses were completed on time.	No
2. Measures taken to complete the syllabus of courses and programs.	Conducted online(during pandemic) The syllabus of the courses have been completed by both the ways i.e. offline mode and online mode. The students have been encouraged through active and practical learning. The teachers tried their level best to make connections to real-world applications of the course material and provide for hands-on activities (active learning) over straight lecturing. The course expectations are being made clear and based on learning outcomes. The students have been provided with assignments after completion of each unit. The flip classes have been arranged for the students for active learning. The students were made indulged in assignments in such a way that they have a clear connection to learning outcomes, as opposed to those that are perceived as busy work. We have implemented some strategies that includes: Brainstorming sessions, where students present a variety of ways of approaching a topic or a problem; comprehension exercises, where students help one another understand a complex topic; critiques, where students challenge a particular argument or interpretation; diagnoses, where students deconstruct a problem; and sharing activities, where students reveal their own experiences or perceptions. During individual sessions, a check on each student comprehension; conducted polls; and posed questions. Provided students opportunities to actively participate during the class session, for example, by asking them to pose a question in the chat, or respond to a question and offline(Pre pandemic)classes
3. The period of delay in completion of syllabus (in months).	1
4. The period of delay in conducting exams (in months).	1
